

# Croissants et Tchats

**Date:**

**Saturday, April 10**

**8:30 am - 9:30 am**

Join fellow French teachers from Rhode Island to share what has worked during this hybrid, distance-learning, year-like-no-other, COVID classroom. We will focus on what has been successful.

Please think about one thing that has worked in your classroom. For example:

- *What has worked in your day to day teaching*
- *What assessment format has been successful (or at least not disastrous!)*
- *What video, article or song do you recommend*

Join the discussion and enjoy a coffee, croissant or a mimosa as we meet together to share, inspire and encourage one another. Now, more than ever, we need to support each other.

**This session will count as a Professional Learning Group PLU**
